

## **Part-Time/Relief Aquatic Veterinarian**

Aquatic Veterinary Services is seeking a driven, enthusiastic part-time/relief aquatic veterinarian. Our all-aquatic veterinary practice is undergoing considerable growth and we are looking for a self-motivated individual to cover a few days a week regularly, and full weeks when our chief veterinarian is out of state. This position has the potential to grow to a full-time position with the right candidate.

We are a unique specialty veterinary hospital catering to fish and other aquatic patients. Our services are 90% ambulatory and 10% in-house. After a trial period, you will have access to a company vehicle to perform ambulatory visits. We are located in Santa Cruz, CA, approximately 1.5 hours south of San Francisco and 30 minutes west of San Jose, CA. Given our specialty nature, we are seeking clinicians experienced with aquatic animals, preferably Certified Aquatic Veterinarians through WAVMA. New graduates will be considered with proper educational background (externships, summer veterinary programs, etc.). CA veterinary license required.

### **About Aquatic Veterinary Services**

Owned and operated by Dr. Jessie Sanders, AVS is a 100% mobile veterinary clinic and hospital dedicated to serving the needs of all aquatic animals. This past January, we expanded our services by building a fish hospital, able to give critical support to pet fish of all types.

We are a fully equipped veterinary clinic here to take the stress out of keeping your fish healthy. We offer pond or tank-side service and offer a wide array of services. Through our veterinary partners, we are able to offer advanced diagnostics such as ultrasounds and x-rays. Any required surgeries are also performed tank or pond-side with the help of our wonderful veterinary assistants. If you have any questions, please call or e-mail [cafishvet@gmail.com](mailto:cafishvet@gmail.com).

Please submit resume to [cafishvet@gmail.com](mailto:cafishvet@gmail.com) or fax to (831) 454-8175.
